The discounted barge fees will only apply from **MIDDAY** Friday 30TH April to Monday 3rd May evening **only**.

The National Parks camping fees will again be waived for the **Friday and Saturday and Sunday nights only**. If your trip leader does not register in within this time frame your club will not participate in the event.

The event is only open to financial club members only. This means just that, only club members and their own children. No other family members or friends allowed. This has come about due to the Volunteers Insurance Coverage that we require to hold the event.

The event is limited to the following number of cars from each club depending on your clubs membership number.

Clubs that have membership numbers from:	1 to 50	a limit of 15 cars applies
	50 to 100	a limit of 25 cars applies
	100 plus	a limit of 35 cars applies

Be proud of your club and wear your club shirts to show that Four Wheel Drivers are a positive group of people who care about our environment.

If your Trip Leader requires any further assistance on this most rewarding experience, please do not hesitate contact myself.
